Sun equantly a suit was commenced against me by said Potter and Wheeler, and immediately thereafter I so in-formed Mr. Watson, and requested him to take charge of the defence of the same, and he refused to do so, and I then told him that I would have nothing more to do with it, and I then cessed to make the Machines; and the in-junction, a copy of which is hereto annexed, was issued and erved upon me. Dated Ne - York, February 11th, 1837. JOSE CHASE.

In presence of Miles B. Ampars
I do hereby certify that the above statement, subscribed
by me, is correct and true.

UNITED STATES OF AMERICA CIRCUIT COURT OF THE UNITED STATES, ESCOND CINCUIT FOR THE SOUTHERN DISTRICT OF NEW YORK. IN EQUITY.

The President of the United States of America to Jose Chas- his Attorneys, Servants, Agents, and Workmen, and each and every of them, GREETING-

Where is it hath been represented to us in our Circuit Court of the United States, for the Southern District of New York, sitting as a Court of Equity, on the part of Orlando B. Potter and Nathaniel Wheeler, complainants, that they, the said Orlando B. Potter and Nathaniel Wieeler have lately exhibited their bill of complainst against you, the said Joel Chase, the defendant, to be relieved touching matters therein contained, n which bill it is, among other things, set forth, that you, the said lefendant, are violating and threatening to violate certain exclusive rights and privileges vested in said complainants, for con-tructing, making, using and vending to others to be used, certain improvements in Seving Machines, and that the actings and doings of ou the said defendant, are contrary to quity and good conscience; we, therefore in consideration of the premiser, do strictly, and until the further orders of this Court, enjoin and command you, the said Joe! Chase, and your Attorneys, Servants, and Work-men, and each and every one of the n, under the penalty that may fall thereon; that you, and each of ou, do from henceforth, altogether, ab olutely and until the further order of this court, desist and refrain from directly or in directly, constructing, making, working, using, selling, or putting late practice or operation, or in any ise countering or I shating the invention or improvement belonging to said complaments, and described, claimed, and set to the in certain Letters Patent of the United States, reissued to A. B. Willon, and hearing date the 23d day of January, 1856, and now owned by the complainants, and from in any way or manner interfering with the rights of said complainants under said Patent, and from in any way or manner violating or infringing said Letters Patent, or Witness the Hon. Roger B. Taxsy, Chief Justice L. S. of the Supreme Court of the United States, at the City of New York, in said District, this the 27th d. of Septtember, in the year of our Lord one thousand eight hundred and fifty-six.

ELASTIC FIRE & WATER-PROOF CEMENT ROOFING. THE undersigned are prepared to introduce into see in Tennessee W. E. CHILDS & CO.'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Com-

S 4, 10-4, 10 by 12 4, 10 by 14 4, 10 by 10 4, Damask Ta-ble Cloths, 6-4, 7-4, 8-4 and 10-4 Table Damash by the yard, All sizes, colored word, Union and Cotton Table Cloths, Plaid striped Toddinettes, Napoins, together with all kinds panies, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surace that will remat the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is shundarily proved, and we will warrant it water-proof. We will engage to put our Rooting on over ordinary good heathing, old shingles, tar and gravel, tin, sinc, copper, or icon roofs —it making no difference how steep or flat they may be for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it

will live better satisfaction.

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much betear than paint. This Roofing will be found to be the best thing for covering large stoofs where they are exposed to fir —such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint n it, it presents no chance for fire to communicate, and any ight substance will burn out without igniting.

Insurance Offices at Cincinnati, and other places where Childs & Co,'s Cement has been used, insure Build-ngs with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin
The Cement will be furnished to those at a distance

with directions for using.

with directions for using.

Orders sent to the undersigned, through the Postoffice, will be promptly attended to

TESTIMONIALS AND REFERENCES. OFFICE BUCKETS STATE INSURANCE COMPANY, CINCINNATI, Dec. 16, 7856 To all whose it may concern: This is to certify that have examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire and Water-Proof Coment Roofing," and be lieve it to be eminently superior to any other kind of Roof ing in use. I was an eye witness of a severe trial of one of these Koofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice or nearly half an hogr. It stood the trial beyond all expectation, and saved the building, T. M. HANKELL,

OFFICE OF THE CIN., HAM AND DATTON RAILBOAD. Childs & Co.'s Patent Cement Roofing is now used here on our hest class of Buildings. We are covering our Freight Cars with it, and our Master Mechanic reports very favor-able to it. 8. 8. L'HOMMaDIKU, Pres. From J. B. Bennett, General Agent of Ætna Ins. Co. for the

Southern and Western States. CINCENNATE, Jan. 7, 1857. Having made considerable inquiry as to the merits of the 'Patent Elastic Cement Koofing," introduced into this city by Childs & Co., I and it to be highly recommended in this oity by many excellent judges; that it is meeting with very ready and general introduction, that its superiority over the tar composition Hoofing is decided and freely admitted and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtues of the "Patent shartle Roofing" as a substitute.

OFFICE OF THE ONIO AND MISSISSIPI RAILBOAD CO., CINCINNATI, Jan. 7, 1857. DEAR SIE:—In answer to your inquiry, in reference to our opinion as to the practical use of your noof in the covering of cars, we may say that from our observation we entertain a very favorable one,—so much so, that we intend testing it theroughly on roofs of buildings, cars, &c., after which we will with pleasure give you our decided applaien as to its utility. Yours, truly, E. LIPPANCOTT,
